

DiscovOre Prime N Surface

The DiscovOre Prime is a revolutionary coring system developed for drillers by drillers that is safer and faster than other available systems.

SAFETY

Like the regular DiscovOre, the Prime has built-in safety features that automatically engage and do not require additional manual steps, making it easier to assemble and disassemble. **Lighter by 23%** than the regular DiscovOre in N size, the Prime is easier for drillers to handle.

- No spring pins and no spearhead
- Robust latches and spindle
- Improved latch engagement
- Automatic locking overshoot
- Improved conversion head for all hole orientations
- Stabilized bearing assembly

SPEED

Additionally, the Prime is faster than the DiscovOre, with a descent speed that is **up to twice as fast** as the L-Latch. Its increased inner tube retrieval speed leads to a quicker drilling cycle time and less wear and tear on wireline.

PRODUCTIVITY

The DiscovOre Prime is a premium product with a **payback that can be achieved within a couple of days** depending on drilling conditions. Contact your sales representative to inquire about the return on investment specific to your operations.

DiscovOre Prime N | Assembly part list

	DISCOVORE PRIME N SURFACE	3760017700
1	Retracting case	3760017318
2	Assembly bolt	3760017439
3	Wedge lock washer	3760017235
4	Spring retracting case	3760017462
5	Latch bobby	3760017433
6	Latch	3760017117
7	Spring - Latch	3760017743
8	Assembly rod	3760017424
9	Mid body - Surface	3760017720
10	Chrome ball	3760017523
11	Landing indicator bushing low	3760017531
12	Landing shoulder	37600005100
13	Lower valve body	3760017711
14	Locknut - Spindle	3760017410
15	Spindle	3760017722
16	Shut off valve - Yellow	3760017748
17	Valve adjusting washer	3760017786
18	Thrust bearing	37600006470
19	Bearing housing	3760017723
20	Compression spring	3760017721
21	Ball bearing	3760017434
22	Stover nut	3760013002
23	Inner tube cap body	3760017716
24	Grease fitting	9469705073
25	Inner tube adapter	3760017714
26	Safety pin	3760017291
27	Valve spacer	3760017718
